CREE  **LIGHTING**

Product Specifications

CREE LIGHTING SMARTCAST® TECHNOLOGY

Dynamic lighting, scene presets, manual control – the SmartCast Touchscreen does it all with an intuitive interface and clean design aesthetically aligned with the modern officescape.

The Smartcast Touchscreen supports the following key features:

- **Dynamic Lighting:** Dynamic lighting feature enables you to define how lighting in your space should change during the course of a day in an autonomous fashion.
- **Scene Control:** Preset lights to the level and CCT you want for any activity with 16 custom scenes to choose from providing complete control and flexibility with a single touch.
- **Manual Override Controls:** Instant control of your lights with these intuitive controls give you complete temporary override control.

The touchscreen works with all the Smartcast Technology enabled lighting, currently installed and new. Cree Lighting SmartCast® Technology is the most intuitive and easiest to install intelligent lighting solution on the market. Cree Lighting SmartCast® Technology delivers up to 70% energy savings at up to half the cost of other solutions. Luminaires combine best-in-class light with onboard sensors and intelligence to deliver a better light experience. Extreme energy productivity, code compliance and a better light experience without any extra design, installation or setup work.

MECHANICAL SYSTEM

- 10.1 high-resolution display (9.65" x 5.88" x 0.30")
- Black wall mount kit included (12.55" x 7.88" x 0.82")
- Recessed wiring box included (9.5" x 6.19" x 4"). Requires customer supplied receptacle and single-gang faceplate

ELECTRICAL SYSTEM

- **Input Voltage:** 120V (Requires customer supplied receptacle and single-gang faceplate)
- Li-Ion battery
- Battery modulator included to improve battery lifetime (pending future software update)

CONNECTIVITY

- Wi-Fi 802.11 a/b/g/n/ac, 2.4GHz +5.0GHz

DYNAMIC LIGHTING

- Dynamic lighting enables automated changes to light intensity, color temperature [CCT], and Cadiant sun position
- Dynamic lighting profiles configured and controlled via the SmartCast Touchscreen
- Up to 16 customizable profiles per SmartCast Lighting Network
- Preloaded with 4 profiles: Education, Healthcare, Office, and Follow-the-Sun

SCENES
