PW
6' Flexible Power Whip

Product Description
The PW flexible power whip accessory allows Cree® troffers and light engines to incorporate a flexible metal-clad power whip to enable faster, more consistent installation. This accessory can be easily installed in the field and is compatible with step-dimming, 0-10V dimming, Lutron EcoSystem® dimming options, and troffers with Cree SmartCast® Technology. The PW accessory is mounted to the power wiring compartments (does not mount to low-voltage control wiring compartment).

Performance Summary
Compatible with all Cree® troffers, Cree SmartCast® Technology troffers and light engines

Limited Warranty*: 1 year

cULus Listed
