

SC6

Surface Mount Housing

Product Description

The SC6 cylindrical surface mount housing is designed to accommodate all Cree 277V and GU24-based six-inch downlights in a variety of architectural applications. It is rated for use with luminaires that consume low energy, such as the LR6 and CR6, optimizing energy density calculations for easier energy code compliance and LEED certification. The SC6 housing also features a subtle, unobtrusive design that integrates cleanly into the interior space.

Product Specifications

CONSTRUCTION & MATERIALS

- Rugged spun aluminum housing with textured polyester powder paint accommodates Cree GU24 and 277V 6" led downlights
- Housing attaches directly to standard 4" electrical junction boxes

REGULATORY & VOLUNTARY QUALIFICATIONS

- cETLus Listed
- Suitable for damp locations

NOTE: Not designed for pendant or cord mounting
