

WE BELIEVE IN
**BETTER
 LIGHT™**

Better light is beautiful light; it makes colors appear richer, true and natural.

BETTER LIGHT

Better light is beautiful light. But it's more than just beautiful. It is light that makes you feel more productive, more relaxed and safer. Better light changes everything.

That's why the new and improved Cree LED bulbs feature high color rendering that enhances your space and makes the colors of your décor appear vibrant, richer and more natural – true colors the way they are meant to be experienced.

BETTER LIFETIME

Built to light and last, the new Cree LED bulbs provide full LED lifetime, many rated up to 35,000 hours of beautiful, energy-efficient light.

BETTER DIMMING

Each Cree LED bulb is fully dimmable without buzzing or humming, allowing you to personalize your light and create comfortable inviting spaces. Many compromised bulbs on the market don't even dim at all.

APPLICATIONS

Cree Light

Other Light

85+ CRI High Color Rendering
 Better light for better colors

Longer LED Lifetime Lasts for Decades
 Up to 6x as long as the cheap LED bulbs

5 Year Commercial Use Warranty
 Better light lasts longer, saves you more

Dimmable* No buzz. No hum.
 For a list of compatible dimmers visit
creebulb.com/dimmers

*Excludes the A21 3-way lamp

ENERGY STAR® Qualified
