

## IMPORTANT SAFEGUARDS

When using electrical equipment, basic safety precautions should always be followed including the following:

## READ AND FOLLOW ALL SAFETY INSTRUCTIONS

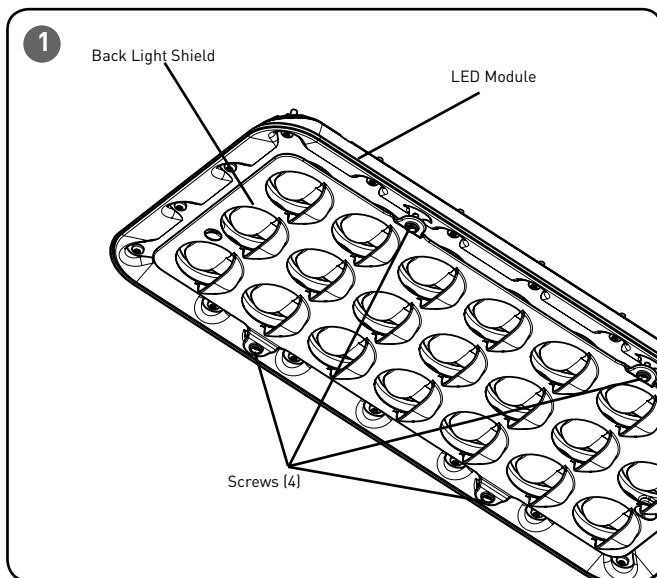

1. **DANGER**- Risk of shock- Disconnect power before installation.  
**DANGER** – *Risque de choc – Couper l'alimentation avant l'installation.*

## SAVE THESE INSTRUCTIONS FOR FUTURE REFERENCE

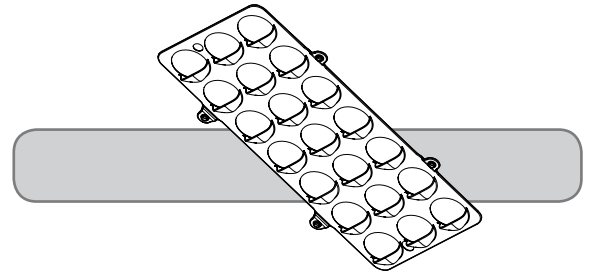

### ACCESSORY KIT CONTENTS

1. (2) Back Light Shields
2. (8) Screws

### TO INSTALL:

### INSTALLATION INSTRUCTIONS INSTRUCTIONS D'INSTALLATION

### BACK LIGHT SHIELD

**NOTE:** There are (2) different versions of the Back Light Shield for aiming of the luminaire light (each version sold separately):

- Shielding back light on a Luminaire with rotated optics.
- Shielding back light on a Luminaire with Front/Forward oriented optics.

#### STEP 1:

Clean the surface of the LED Module.

**NOTE:** Be sure to use a very mild detergent. Damage will occur to the LED Optics if any alcohol based or otherwise harsh chemicals used.

#### STEP 2:

Carefully place back light shield on the surface of the LED Module. See **Figure 1**.

#### STEP 3:

Secure back light shield to LED module using (4) supplied screws. T20 Torx drive required. DO NOT exceed 25 in-lbs. See **Figure 1**.

#### STEP 4:

Repeat Steps 1, 2 and 3 for the second Back Light Shield on the other LED Module.
